

Discover the Power of ColosBoost 1st milk!

Remember growing up with milk—whether it was cow's milk, goat's milk, or breast milk? We all know milk is great for our bodies. Babies drink it from birth, adults use it to boost their immune systems and enhance their coffee, and the elderly consume it for stronger bones. But what if there's something even better than milk? Introducing ColosBoost 1stMilk - Your Ultimate Immune Booster.

What is Colostrum?

Colostrum is the thick, yellowish "first milk" produced right after a newborn's birth for immunologic defense of neonate. Packed with various **bioactives**: immunoglobulins (antibodies), *colostral polypeptides* (PRPs) & *lactoferrin* (LF), earning its nickname "super milk". Mammals like cows produce it too. Bovine colostrum has been used for human medicine for decades old.

Benefits of drinking Colostrum:

UNIQUE IMMUNITY: Comes with antibodies to neutralize microbes infections. Contains the miracle molecule - **Lactoferrin(LF)** & **Polypeptides(PRPs)** to enhance your body immune system and offers unparalleled immune protection not found in other supplements.

HEALTHY GUT: Coats intestines to prevent harmful bacteria absorption, reducing diarrhea and tummy infections.

HIGH IN CLEAN PROTEIN: Triple as much protein as regular milk to supplement our body with all essential amino acids (20 in total).

NUTRIENT-RICH: High levels of Magnesium, Potassium & Zinc for enzymatic reactions, protein synthesis & metabolic growth.

LOW FAT AND SUGAR: Healthier for all ages.

Why choose ColosBoost 1st milk?

Maximum Bio-activity within 48-hr calving

Produced under low pressures and temperatures to preserve bio-activity.

Immunoglobulins (IgG, IgA, IgM) & protein lactoferrin

Key ingredients to strengthen your immune system.

High dosage per serving

✓ 14.9g protein
✓ 1g IgG

Free from synthetic ingredients, trans fats, growth hormones & sugar unlike other brands.

Beneficial for all!

Suitable for ages 3 to elderly alike; enjoyable by athletes, patients, adults, etc.

PER SERVING (225ML):

Total Fat
9.0g
